## Experience

### The Huntington News / News and Photo Staff

SEPTEMBER 2024 - PRESENT, BOSTON, MA

Wrote articles of varying types and lengths, including briefs, features, Q&As, and profiles with quick turnarounds as well as longer-form enterprise stories. Contributed to nearly every section, especially city, projects, campus and lifestyle. Kept a finger on the pulse city-wide breaking news and followed up on stories with lasting impacts. Extensively researched information, gathered and visualized data for stories. Planned and conducted interviews with sources and man-on-the-street and spontaneous interviews in the field. Took photos for my own stories as well as to support other stories. Communicated with editors, writers, and photographers, working as a team to deliver timely and high-quality pieces.
